## Additional Notes

As sail/power 'hybrids', both the M and X models are designed for use with a more than 'auxiliary' sized outboard (rated for 5-50hp) and water ballast.

Dry hull weight: 2,350 lbs.

The MACGREGOR 26M replaced the MACGREGOR 26X in 2003.

A similar version later reintroduced from another builder as the TATTOO 26 (2013).
